Notes: This chart is intended to provide general information only. See specific program regulations for detailed eligibility information.

There are many single purpose programs that are not included here.

When income refers to a percent of the Federal Poverty Level, e.g. 100% or 200%, consult

<http://aspe.hhs.gov/poverty/07poverty.shtml> for guidelines.

• Spenddown is a Medicaid program where someone may be eligible if they incur very high medical bills.

* **This information is generally inapplicable to undocumented noncitizens**
